## Introducing myHealthcare Cost Estimator.

It's an innovative online tool that gives your employees easy access to the personalized information they need to make more informed health care decisions.

**myHealthcare Cost Estimator** is UnitedHealthcare's next-generation cost estimator that empowers your employees to better manage their health care. Conveniently located on [myuhc.com](http://myuhc.com),<sup>®</sup> **myHealthcare Cost Estimator** provides more validated data than any other estimator of its kind. It uses estimates based on available fee schedules or contracted rates, and when fee schedules/contracted rates are not available, estimates are based on claims averages for the particular provider. The information is also personalized to calculate out-of-pocket expenses based on your employees' plan and current benefit status. Plus, it's fully integrated with customer service and clinical support so they have easy access to a wide range of resources.

## Know the 4 Ps when shopping for health care.

**myHealthcare Cost Estimator** provides your employees with a wealth of information before they go to the doctor.

- 1 PROCEDURE**  
Learn more about a procedure and compare treatment options.
- 2 PROVIDER**  
Select a quality provider for a procedure.
- 3 PRICE**  
Quickly estimate out-of-pocket costs for specific procedures.
- 4 PLACE**

## myHealthcare Cost Estimator helps your employees:

### Know their procedure.

- Create a Care Path — a planned treatment program that may consist of one or more health services that may span any length of time depending on the health condition being treated
- Know what questions to ask the doctor, what to expect and how to prepare

### Know their provider.

- Research available providers for specific procedures
- See the quality and efficiency measures of participating providers based on the UnitedHealth Premium® program

### Know their price.

- Compare estimated prices of treatment options
- Discover whether prices are at, below or above market average
- Evaluate opportunities to reduce out-of-pocket costs

### Know the place.

- Locate providers based on geographic search criteria
- Find providers near home, close to work, or clustered around other physicians
- Get addresses and directions to the place selected

### Help your employees know the 4 Ps when shopping for health care.

This online tool provides your employees with a wealth of information before they go to the doctor. Now searching for personalized health care information is as easy as any online shopping experience.
